

Fuel Science - From Production to Propulsion

9th International Conference
of the Cluster of Excellence
“The Fuel Science Center”

June 22 to 24, 2021, Eurogress Aachen, Germany

Please submit this document until February 28, 2021 to info@fuelcenter.rwth-aachen.de.

This form will serve as application for your desired kind of conference participation. You can choose between an oral presentation and handing in a poster. Please use the template below to hand in an abstract of your oral presentation (should not exceed two pages including graphics; please keep the formatting as it is: font “Arial”, font size 11, line spacing 1.08 cm). In contrast to last year, we avoid a multi-stage procedure with a short abstract for this conference. However, the abstracts will still be reviewed by the professors and then included in our book of abstracts. In case of a poster, hand in a short summary. Please assign your topic to one of the sessions contained in the drop-down menu. You will be informed as soon as possible if your abstract has been accepted.

Please choose one option:

Poster Presentation
Oral Presentation
